Heimo Kantor (d. June 1267) was a known assassin who regularly worked with Ralf Blunden and Little Yaxa.

He was tall and very thin, with greasy black hair.[1]

Biography

Hunting Ciri

In June 1267, the three assassins were on the trail of Yennefer of Vengerberg and Ciri, the princess of Cintra. As they followed the two through Ellander to the Temerian town of Anchor, they stopped at the local inn for clues. When the innkeeper and royal messenger Aplegatt couldn't help them track the women, Little Yaxa noticed Geralt of Rivia in the courtyard in front of the building. They went out to confront him, and were swiftly killed by the witcher.[1]
